JEWS WOULD GIVE WELCOME TO JESUS.

Feature of Address of Rev. Dr. Hirsch of New York.

Christians Failed in Following Savior's Precepts.

CHICAGO, April 24.—"If Jesus Christ should return to the earth tomorrow, He would be welcomed in every Jewish synagogue in the land and every Jew would say with David, 'Lift up your heads ye everlasting doors, and be ye lifted up ye everlasting doors and the King of Glory shall come in.'"

This was the climax of a lecture by Dr. Hirsch delivered last night before the Epworth League of the Methodist Church, Forty-sixth street. The 112 audience gave the speaker a storm of applause when he sat down, the chairman of the meeting thanked him for his lecture, the people thanked him for it by a rising vote, and as he had elaborated the Lord's prayer, the meeting was closed with it. Dr. Hirsch repeating it in and on with his Christian friends.

"The Jews," said Dr. Hirsch, "do not believe at all in original sin and inherited depravity. They believe every man is a responsible, free agent and is not involved in the guilt of his fathers or his children. Of course, therefore, they do not believe the story of the fall of man in the book of Genesis in its literal sense. They regard the teachings of the higher criticism and consider the story of the garden of Eden as an allegory."

"As they reject the doctrine of original sin, they reject, of course, the doctrine of redemption from sin. They believe in a Messiah, but the Messiah of the old Testament is a temporal prince who shall reign over the Jews after they shall have been reunited and become a nation again in Palestine."

"At least, the orthodox Jews believe this, but the liberal Jews do not believe in the Messianic prophecy at all. For instance, the prophet in Isaiah supposed to teach the miraculous birth of Jesus was undoubtedly speaking of Isaiah and properly translated, there is nothing miraculous about it."

"The Jews hold that Jesus preached nothing but Judaism. The supremacy of the commandment to love God and man, the doctrine of the fatherhood of God, the doctrine that the Sabbath was made for man, the abrogation of the law of retaliation, the obligation to love even one's enemies and even the Lord's prayer, which we readily admit is the sublimest petition ever framed in the human language—all these we claim were taken from the Jewish writings, some of which were composed hundreds of years before Jesus was born."

"Moreover, it comes to practicing the loving precepts of Jesus, the Jews claim that the Christians have made an utter failure of it. The truth is, Jesus was crucified by a Roman Governor and Roman soldiers and, though the crucifixion was instigated by Jews, it was a few Jewish priests and not the masses of the Jewish people, who hated and loved him, as is evident from His triumphant entry into Jerusalem, the day before."

"So far as the modern Jews are concerned, they regard Jesus as one of the noblest spiritual leaders that ever appeared in the world and that the Jews have furnished the only shining example of obedience. The so-called disciples of Jesus have persecuted the Jews with average ferocity for ages, and the Jews have borne these persecutions with lamb-like gentleness and silence."

Dr. Hirsch then presented the belief of the Jews in the resurrection and the immortality of the soul. He said it could not be denied that men had a soul and the bare existence of a soul proved its immortality after death.

OAKLAND DOCTORS AT SANTA BARBARA.

SANTA BARBARA, April 24.—As a result of the Tuberculosis Symposium, the following committee was appointed to investigate the subject and to report next year on appropriate measures for the control of tuberculosis in California: Dr. F. M. Pottinger, chairman, Los Angeles; Dr. J. C. King, Banning; Dr. Geo. S. Evans, San Francisco; Dr. Geo. L. Cole, Los Angeles; Dr. Edward von Adelung, secretary, Oakland.

The following physicians from Oakland read papers or addresses at the meeting: Dr. Edward von Adelung, Dr. Daniel Crosby, Dr. E. N. Ewer, Dr. H. G. Thomas, Dr. Mary B. Ritter, Dr. H. R. Krone, Dr. Maher, Dr. Frank Adams, Dr. Geo. L. Euten.

Oaklanders at The Potter are as follows: Dr. and Mrs. E. W. Ewer, Dr. and Mrs. H. G. Thomas, Dr. and Mrs. Edward von Adelung, Dr. and Mrs. J. E. Dunn, Miss Miller, Dr. J. Milton, Dr. J. Maher, Dr. F. Adams, Dr. G. H. Hertz, Dr. S. H. Butts, Dr. F. M. Potter, Dr. C. Krone, Dr. R. T. Stratton, Dr. Geo. L. Euten.

LIGHT BILLS ARE REDUCED

FORTY PER CENT SAVED IN COST OF ELECTRIC LIGHTS AND WITH BETTER RESULTS.

The Oakland Electrical Company has secured from the Nernst Lamp Company of Pittsburgh, Pa., the exclusive agency for this part of the world for the sale of the electric light, which does away with the vacuum idea in incandescent electric lighting and which enabled the photographers at the Buffalo Exposition to take pictures without the use of the flash.

Manager Chas. F. Reuter of the Oakland Electrical Company says that he can prove beyond a doubt that he can

FIXTURE WITH FOUR ONE-BLOWER NERNST LAMPS.

furnish with the Nernst lamp more light for less money than any electrician on the Pacific Coast, and he is ready to prove it.

The comparison between the use of Nernst lamps and incandescent lamps, at the rate of 10 cents per 1000 watts, Mr. Reuter gives as follows:

Cost of installing 3-10 c. p. lamps approx. \$2.50
Cost of maintaining same 1 year 2-10 c. p. (standard) lamps equals 108 watts x 2400 hrs. @ 10c. 40.00
Life of lamps equals 600 hours 12-10 c. p. lamps required for renewals @ 25c 2.40

Total cost per year \$46.22
1 Nernst lamp equals 3-10 c. p. lamps. Cost of installing 1 Nernst lamp approx. \$2.50
1 Nernst lamp 6.00
Life of glowers equals 800 hours. (1 glowers furnished with lamp) 12-10 c. p. lamps required for renewals @ 25c 5.00
800 watts per glowers x 2400 hours @ 10c per 1000 21.12

Total cost per year \$29.12
Cost of installing 1 year \$2.50
and maintenance 1 year 21.12

Saving per year in favor of Nernst lamps \$17.10

Within the past few weeks the following firms have taken advantage of the opportunity to obtain reduced cost of lighting and not only this, they have a much softer, more mellow and more even light in their places of business than heretofore. These firms are the Owl Drug Company at the corner of Thirteenth and Broadway, Freeman's Art Store, The C. Heeseman Clothing Company, 1100 Metropolitan, Columbia Salt and Crock House, Voss & Rich, Doctor Hill, The Hastings Clothing Company of San Francisco. Doctor Clark has installed six lamps in the operating room of the Community Infirmary, where now they have light at night, which is the equivalent of daylight. Doctor Clark tells Manager Reuter that this light is the best for surgical operations that he has ever had any experience with.

This week a large number of lights are being installed. Thirteen of Fred Becker's markets, eleven at Carroll's saloon, four at the Sunset Grocery and two at Peck's new theater. The result of these installations will be that these people will enjoy daylight after dark, and all of the above firms stand ready to give us testimonials to this effect.

The Nernst is an ideal lamp for street lighting. It does not flicker, neither does it throw a shadow, gives a superior distribution of the light and is very economical in its use. One of the greatest features is that it does not require trimming, as is the case in arc lamps.

The soft, white lights make the Nernst lamp just what is needed in machine shops and factories. It enables the workman to do better work and is always reliable. This applies to its use in the railroad service as well. In art galleries the light probably does its most efficacious work and produces results heretofore unknown in the art world. They are also admirably adapted for use in homes and office buildings.

The following four sizes have been perfected: The 1-glowers Nernst lamp ... 88 watts The 2-glowers Nernst lamp ... 176 watts The 3-glowers Nernst lamp ... 264 watts The 4-glowers Nernst lamp ... 352 watts

Each glowers is about equal candle-power to three ordinary 16-candle-power incandescent lamps.

There are so many excellent qualities to be spoken of in behalf of the lamp that a page of the paper would not be sufficient to enumerate them.

At the stores where there have been installed the lamps have proved all that has been claimed for them and they are giving excellent, as well as satisfactory service.

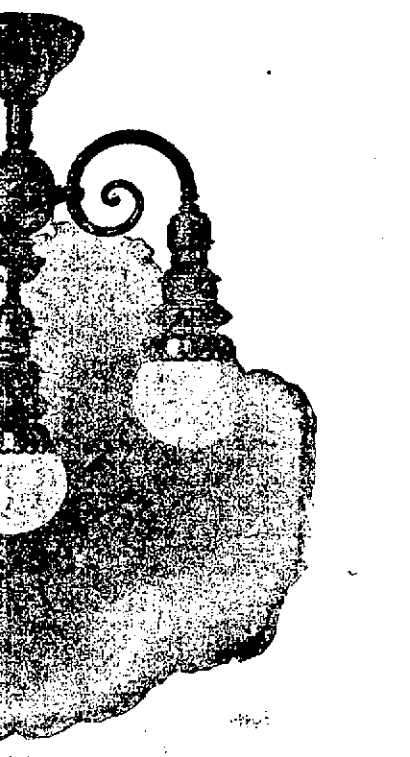

One great feature regarding the use of the Nernst lamp in stores is, indeed, surprising. It enables the shopper to march colors at night.

On Saturday evening, Manager Reuter will install a lamp at the corner of Fourteenth street and Broadway, for the purpose of giving a public demonstration of the fact that the Nernst and incandescent lamps can in no wise be compared with the Nernst. The lamp can be seen at any time at the stores of the Oakland Electrical Company, 532-534 Thirteenth street, where it is always in operation in Mr. Reuter's office.

BUTTE NOT ON FAITHS CLASH IN HAT-MAKERS' UNION.

COMPANY CLOSES ITS OFFICE AND STOPS BUSINESS WITH MINING TOWN.

SALT LAKE, Utah, April 24.—So far as the Western Union Telegraph Company is concerned the city of Butte, Mont., has been wiped off the map. Acting under instructions from New York, Manager Wilde of the Western Union of Butte promptly at midnight last night cut out every instrument working in Butte, except the press leased wire. When "20" on night report had been sent, this, too, was cut out, the office locked up and the operators refused from all further duty. Until the troubles with the labor unions are settled it is impossible that the company's wires remain closed. Not only does this effect

WOMAN AGAINST WOMAN WITH VENOMOUS VIOLENCE.

General Fight Among Girls With Bloody Results.

NEWARK, N. J., April 24.—In a riot between Christian and Hebrew working girls, who gathered for a labor union election in this city last night, blows were freely given and received and many were painfully injured before the police rescued order.

The girls who went to the hall are members of the Hat Trimmers' Union. William Oxley was elected president when the union was formed. The members are about evenly divided between Christians and Hebrews. Both factions agreed it would be better to have a woman for president and the election was called.

Ballots were cast and the counting was under way when the trouble started. Oxley had taken a prominent part in the election. Before the counting and progressed far some of the girls charged that sharp practices were going on. Angry words and accusations were exchanged.

Christopher Donagan, a member of the Hat Trimmers' Union, of which Oxley is also a member, entered the hall in support of Oxley, whom, he said, he had been sent to take to a meeting of the Hat Trimmers' Union. The members of the union were about evenly divided between Christians and Hebrews. Both factions agreed it would be better to have a woman for president and the election was called.

Oxley and Donagan engaged in a wordy brawl, which invited the already excited girls.

A girl attacked Donagan, smashing his hat and knocking him down. The Christian girls were to Donagan's aid. Immediately the hall was in uproar. The girls set upon each other, striking blows and screaming. A stampede was made for the doors. Several were knocked down and trampled upon and several faint.

Two policemen heard the commotion and ran to the hall. They held the rush at the doors and prevented danger from panic.

QUIET TIMES AT LEGISLATURE.

CONFERENCES ARE HELD IN ORDER
TO BRING ABOUT
PEACE.

SPRINGFIELD, Ill., April 24.—The
opening of the session of the Legisla-
ture this morning was calm after the
storm of yesterday, although there was
a decided undercurrent of feeling
against Speaker Miller, which threat-
ened to break out again if anything
similar to the tactics of yesterday was
attempted. The chief interest in the
legislative question centered around the
appointment of the committee to inves-
tigate the charges of attempted bribery
in behalf of the Mueller bill made
yesterday by Speaker Miller. The
Speaker would not announce the mem-
bers of the committee this morning
and none of his followers would give
out the names if they knew them. The
members opposed to Miller finally de-
clared that they did not believe there
was anything in the charge made by
the Speaker and announced their in-
tention of pushing home the matter
in such a way that he would be com-
pelled to prove his assertion or admit
that he could not make it good. In ac-
cordance with an agreement reached
this morning between the two factions
no attempt was made to ap-
prove the journal of yesterday and the
proceedings of yesterday were laid open.
At 10:20 Mr. Lindley asked unanimous
consent of the House for the considera-
tion of the Lindley bill and requested fur-
ther that the consent should cover all the
amendments. The consent was obtained
and Mr. Lindley entered upon an ex-
haustive discussion of traction legisla-
tion, past and present.
Stewart of Cook county requested per-
mission to ask a question of Mr. Lindley
and said:
"I understand that the first amend-
ment to the Lindley bill is under dis-
cussion."
"It is," said Mr. Lindley.
"Then why," demanded Mr. Stewart,
"did you not make this speech yester-
day?"
"I can only say," replied Lindley, "that
it is the habit of some men to ask ques-
tions which they conceive to be embar-
assing when they find themselves in dan-
ger of being overwhelmed by the argu-
ment."
This remark called forth loud cheers
from the Cook county representatives.
Before Mr. Lindley called up his bill
a conference of those friendly to the
Mueller bill was held, and it was agreed
that they would insist upon having all
amendments stricken out of the Lindley
bill. The representatives from counties
other than Cook, who are opposed to
Speaker Miller, announced that they
would not agree to a further discussion
of traction matters until the bribery
charges made yesterday by Speaker Mil-
ler had been investigated. The Cook
county members of the conference agreed
with this proposition and it was decid-

Vance's residence this evening.
Miss Sadie Alexander will assist in the Alaska booth. All the ladies tak-
ing part in the affair will be clad in the picturesque costumes of the country
they represent.

OLD PARD BASSETT CALLED.

(Continued From Page 1.)

came from many sides and in a con-
tinuous shower. They involved Hunt-
ington in many troubles with the State
and National authorities, and in no in-
considerable degree affected the terms
of the settlement of the debt the
Central Pacific Railroad owed the govern-
ment.

BASSETT'S THREAT.
Bassett made good his threat that he
would make his disgrace cost Hunt-
ington millions. But Huntington was
of the bulldog temper of his enemy,
and stood the battle out to the end, re-
ceiving with fortitude the venomous
shafts he could not return.

Bassett's strange feud with the
financier began when Huntington ousted
Leland Stanford from the presi-
dency of the Southern Pacific. Bassett
was private secretary to Senator
Stanford, as president of the corpora-
tion. Huntington had no use for
Stanford's personal following, and one
of his first acts on superseding the
Senator was to discharge Bassett, who
was devoted to his chief. He man-
ifested this devotion in after years
when he was assailing Huntington by
leaving out of his revelations every-
thing that would reflect on Stanford
personally.

"I will make you rue this day," said
Bassett when notified of his discharge.
"I will make it cost you millions. I
will pursue you to the grave and be-
yond it."

HUNTINGTON LAUGHED.
Huntington laughed. But Bassett
kept his word to the letter.

Bassett began his arraignment of
Huntington and his methods in the
San Francisco Report, and his letters
were a prominent feature in that
sheet till it was sold by Bunker &
Heister. Then he used the San Fran-
cisco Star and the Industrial News of
Oakland as the vehicles of his ven-
geance. But since Huntington vacated
a final settlement with the govern-
ment "Old Pard's" letters have
lacked pith and lost interest to the
general public. How terrible they
were originally is shown by the fact
that Huntington paid the Central Pa-
cific debt to the government to the last
farthing, principal and interest.

When the government got its full
pound of flesh with some few jots of
blood "Old Pard's" vengeance was
glutted, and his letters addressed to
his millionaire enemy read like the
gloating song of a red Indian when he
sees his enemy roasting at the stake.
Nevertheless, Bassett continued to
send his literary darts at his enemy.
They were all addressed to C. P.

Huntington, beginning "Dear Old Pard,"
and this ferocious banter was kept up
for fifteen years. After Huntington's
death the letters were addressed to
"Dear Old Pard Beyond the Grave."

HIS LIFE.

James Madison Bassett, the last party
to this strange life duel to die, was
born in Marion County, Indiana, Novem-
ber 9, 1850. He received a common
school education and learned the rudiments
of the printer's trade in a rural
newspaper office. Coming to California
in 1850, he went to Siskiyou county and
became connected with the Yreka Jour-
nal. Afterwards, he was for a time con-
nected with the Sacramento Bee in the
days of its founder, the elder McClatchey.

Bassett founded the Golden Era in San
Francisco, a weekly journal that was long
the chief literary publication on the coast.
It degenerated after it passed out of his
hands, and finally suspended. Bassett
made it notable, as well as hated and
feared, by a series of trenchant articles
attacking the manipulation of the San
Francisco Mining Stock Exchange, by
which people were plundered through the
collusion of brokers. Those articles
were signed "Constant Read."

For a time, Bassett was editor-in-chief
of the Los Angeles Herald. His first
wife, whom he married in that city, was
killed in Los Angeles by being thrown out
of a buggy. Subsequently, he married
Caroline Hazeltine, who, with four chil-
dren, survives him.

It was after leaving Los Angeles that
Mr. Bassett entered the service of the
Southern Pacific as Senator Stanford's
secretary. He had attracted Stanford's
favorable attention while he was editor
of the Golden Era, and his engagement
as secretary resulted from the manner in
which he did some literary work for the
railroad magnate.

Bassett was associated with former
Mayor J. M. Davis in the Davis ferry,
which was run for a time in opposition
to the Southern Pacific ferries. While
the Davis ferry was a financial failure
for its proprietors, it compelled the South-
ern Pacific to reduce the fare from fifteen
to ten cents. This alone cost the cor-
poration several hundred thousand dol-
lars.

Mr. Bassett is an old resident of Oak-
land, and served a term in the City
Council, being elected at large in 1894.
He was defeated for re-election by a
small plurality.

Besides his widow he leaves two boys
and two girls. His eldest son, Bernard,
is an artist on the Sunset Magazine.
The other son, William, and the daugh-
ters, Kathleen and Dorothy, are attending
the public schools.

The funeral will take place from the
family residence, 828 Eighth street, at 2
o'clock tomorrow. Interment in Mount-
ain View Cemetery.

SLAUGHTERED THE BASHI BAZOOKS

MACEDONIANS ARE REVENGED FOR
THE MURDER OF THEIR
LEADER.

VIENNA, April 24.—Dispatches from
Sofia announce that a band of Macedonians
recently surrounded and slaughtered
forty Bashi Bazooks and fifteen gen-
darmes near Petrich, Macedonia, out of
revenge for the murder of their leader,
Captain Sabin, who was recently killed in
an engagement in the district of Melnik.
The band subsequently captured the dis-
trict chief of Petrich and twenty-five
soldiers, whom they stripped and re-
leased.

REV. JOHN BAKEWELL TO LEAVE PULPIT.

Rev. John Bakewell of the Trinity
Episcopal Church of this city, has resign-
ed his position as rector of that church
on the ground of his failing health.
The resignation has been accepted by
the vestrymen with great reluctance, as
the Rev. Mr. Bakewell has, by his un-
dying efforts and numerous financial
gifts, built up the parish which he vir-
tually founded.
The clergyman and vestry had settled
the matter of changing pastors some
months ago, and a successor was chosen,
whose name will not be disclosed until
after Dr. Bakewell's return.

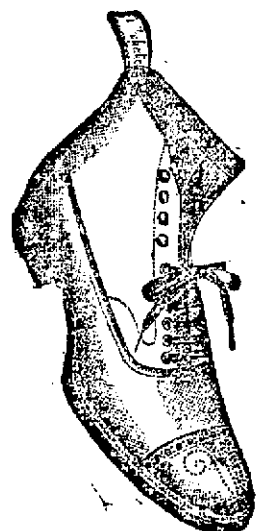

SALE OF STOCK OF TUBBS ESTATE.

The matter of the estate of Herman
A. Tubbs, the wealthy young cordage
man, deceased, who was killed in a
runaway accident some time ago, came
up in Department 4 of the Superior
Court this morning on a petition for the
confirmation of a sale of real and
personal property made by Alice L.
Tubbs, widow of deceased, and Henry
D. Nichols, as executors of the estate,
which has been appraised at \$3,048.85.
The property sold was 50 shares of
the capital stock of the Onuma Sugar
Company to Edwin Perry of San Fran-
cisco for the sum of \$1,093.75 and to
Harry Burnett of the city of Oakland
for \$25,000, two pieces of realty. The
first situated at Seventh avenue and
East Twenty-third streets containing
7 and a fraction acres and the westerly
500 feet of block 136.

TWO FINGERS CRUSHED.
While coupling two freight cars in
the yards last night, T. A. Perry, a
switchman residing at 1865 Pacific
street and two fingers of his right hand
smashed. He was taken to the Receiving
Hospital where his injuries were
properly treated.

JUST REMEMBER.
Let all co-operators know that the
Rochdale Co-operative Store is now at
126 Broadway, J. H. Fairchild's man-
ager.

BOARD OF TRADE NEW YEAR.

REPRESENTATIVE BUSINESS MEN
CHOSEN FOR THE SEVERAL
OFFICES.

A meeting of the Board of Directors
of the Oakland Board of Trade was
held in the rooms of the Board, 523
Twelfth street this forenoon.
President Kahn called the meeting to
order.

The usual routine work was com-
pleted and the former Board of Di-
rectors adjourned sine die.
The new Board of Directors was
called to order by Secretary Stearns,
and R. H. Chamberlain was elected
temporary president.

NEW OFFICERS.
Permanent organization was then ef-
fected and R. H. Chamberlain was
unanimously elected as president of the
Board of Trade for the ensuing year.
R. Edward Collins is the new vice
president.

M. J. Keller was re-elected to the
position as treasurer, a position he has
held for many years.
Edward Stearns was re-elected to
the position of secretary.
The Board voted to hold the semi-
monthly meetings hereafter at four
o'clock in the afternoon instead of on
the first and third Fridays in each
month at 9:30 o'clock in the morning.

SOL KAHN THANKED.
A resolution of thanks and expres-
sion of the highest appreciation, in
which he was held by the Directors for
the past two years was extended to
President Kahn.

BOARD OF DIRECTORS.
The election in each instance was
unanimous. The Board of Directors,
as it stands now, comprises R. H.
Chamberlain, president; D. Edward
Collins, vice-president; M. J. Keller,
treasurer; Hugh Hogan, George E.
Fairchild, Charles J. Heeseman, H. C.
Cappell, J. Farrel, A. W. Kirkland and
Frank K. Mot and R. P. M. Greeley
directors; Edwin Stearns, secretary.
The sub-committees and also the
special committees will be announced
by President Chamberlain at the next
meeting of the Board of Directors.

MOST "ECONOMICAL" STORE TO SHOP IN ALL OAKLAND

That's the way an Oakland lady spoke of our store the other day—and added, I have visited many of the nicest stores in the country, both east and west, but must confess that for bright, new, lovely things this store fills a spot for Oaklanders—as well as many of the establishments I have visited in cities three and four times as large. Every thing seems the essence of good taste. I am glad to know we have such a store in our midst—THANK YOU! We hear words of that kind every day, and we appreciate them. Our patrons show their appreciation by the generous trading they do.

RELiance DIRECTORS HOLD FIRST MEETING.

Jimmy Britt is Resting Up in His Work—Baseball Games on Many Diamonds.

The first meeting of the new board of directors of the Reliance Athletic Club was held at the club rooms last night, but owing to the fact that there was not a full board present, most of the important business was deferred until the next meeting which has been called for next Wednesday evening.

It is expected that the full board will then be present and the principal business to be transacted will be the selection of a secretary, treasurer, club captain and members of the House, Finance, Entertainment and Exhibition Committees, to hold for the ensuing year.

Nothing was done last night beyond organizing the new board and passing on various applications and bills.

The Reliance Club is in receipt of an invitation from the San Mateo Athletic Club to compete in their field day on May 30th.

The club is particularly invited to participate in the two-mile relay race for the Olympic Club Cross Country Trophy. Each team to consist of five men.

The matter has been referred to the club captain, but it is not probable that any action will be taken until after the selection of the new club captain next Wednesday.

Negotiations which have been pending by the Reliance Club for a wrestling match between Louis Hasselbacher of San Francisco and Peter Holland of Chicago, are about completed. The match will be at 145 pounds and the conditions are catch-as-catch-can, two out of three falls. The men will meet for a purse and side bet, Hasselbacher having consented to turn professional in order to meet Holland. Hasselbacher will be trained by Geo. Melling of San Francisco, who taught him the wrestling game.

OAKLAND ESCAPES A SHUT-OUT.

SAN FRANCISCO TEAM WINS EASILY—RECORDS MADE IN MANY FIELDS.

The official standing of the teams in the Pacific Coast League is as follows:

Clubs— W. L. P. C. R.

Los Angeles..... 18 4 .818

Young Corbett managed to stop George Memsie of Chicago last night in Portland and had four rounds to do it in. He was far from stopping the lad and came nearly getting knocked out himself.

Cracked ice is what the people of Portland are wearing under their hats today, for yesterday they witnessed the opening of the Pacific Coast League in their city, and a grand slugging festival it was. The event took place in the presence of four thousand people, who saw their home team lose to Seattle by a score of nine to eight, with the Browns coming fast at the finish. Among other things, a double steal was made with the price of admission. Seattle made the game its property in the fifth by taking two doubles on two mistakes made by Shortstop Schmeer, which gave the Willson crew five tallies in a bunch.

Young Corbett failed to stop Memsie.

Young Corbett managed to stop George Memsie of Chicago last night in Portland and had four rounds to do it in. He was far from stopping the lad and came nearly getting knocked out himself.

BIG CROWDS ATTEND DOG SHOW.

WILL BE A FINANCIAL SUCCESS—JUDGING OF DOGS FINISHED—CAT SHOW.

The Mechanics' Pavilion in San Francisco was crowded with spectators all day yesterday at the dog show, and for the first time in the history of the Kennel Club the members will not have to dig to make up a deficit. The attendance at the first day was large, but yesterday the attendance defied all expectations. Shortly after 10 o'clock yesterday morning Judge Raper commenced judging and during the morning he passed upon Irish water spaniels, field spaniels, collies, old English sheep dogs, bull dogs and bull terriers. For two hours during the afternoon Dr. C. M. Selfridge of this city passed on the various rooster spaniel classes. It required all of this time, as the classes were all large. At the conclusion of the judging of roosters, Judge Raper passed on all of the remaining varieties and breeds. This took him well into the evening.

The judging of both judges, George Raper of England and Dr. C. M. Selfridge of this city, has given the highest satisfaction and of every description. There are friends of every description, swarmed with breathless interest. Of course, there were some exceptions to the decisions taken by those who thought that their dog should have had a blue ribbon, but in the main all were satisfied that the judging was impartial and that the best dogs won.

There will be no preliminary battles. The most important preliminary will be an eight-round contest between "Toothpick" Kelly and "Muldoo" McDonald. Two heavyweights slugged it out in the afternoon. This is the first cat show ever held in San Francisco and it has aroused considerable interest.

Young Memsie is practically unknown to the pugilistic world. He came to Portland and fought a ten-round draw with Jimmy Britt, under the name of Fitzpatrick, on the night of the Britt-Corbett fight.

He nearly outpointed Young Corbett in three of the four rounds and in the second round he knocked the champion to the floor with a hard left to the jaw. Corbett tried hard to land a knockout blow, but was unable to do it.

In the last round he gave fully as much as he received and both fought hard and furious. The referee, Jack Grant, declared it a draw.

Fitzgerald has been warned by his friends that he is a tough customer and not to leave a stone unturned in preparing for him. Jimmy has headed the warning. He is in magnificent shape and says he will make it lively for the New Yorker while things last. Britt will be seconded by Spider Kelly, Chas. Reno, Dave Barry and Curtis Richardson.

Fitzgerald has cut out boxing. He knows he is fast enough and is afraid he might injure his hands before the battle. The other day Fitzgerald conned the gloves with "Old" Carter, one of the best light heavyweights in the country, and those who saw the prize say it was given and taken from the top of the group. So when the day comes that "Old" Fitzgerald becomes a fighter and called a hair, Carter started at a word that he landed on Fitzgerald with all his force and the little fellow took his grinding like a man.

No one will accuse Fitz of not being able to take a punch. That he can deliver a wallop is settled by the way he makes Billy Otis, his training partner, rock every time he lands a punch.

The sale of seats opened this morning at Corbett's and before noon a large number were sold. Orders are coming in from all parts of the state. Some men are waiting for the way he makes Billy Otis, his training partner, rock every time he lands a punch.

The Olympic Club, of which Britt is a member, purchased a block of seats and its members will be on hand to cheer for their champion. The betting is now 10 to 1 and there are many who fancy Fitzgerald on the short end.

Eddie Graney, who will referee the contest, is in training. He does not expect Britt and Fitzgerald to give him as hard work as did "Young" Corbett and Terry McGovern, but he is taking no chances. Graney has visited both men and discussed the manner in which they will break. The men will protect themselves in the clinches and break at the order of the referee.

The San Francisco Athletic Club management is making preparations to seat a large crowd. A special corps of ushers has been engaged and a dozen Pinkerton men will be in the building to watch the ushers and see that every spectator gets his seat. The club guarantees every seat.

There will be no preliminary battles. The most important preliminary will be an eight-round contest between "Toothpick" Kelly and "Muldoo" McDonald. Two heavyweights slugged it out in the afternoon. This is the first cat show ever held in San Francisco and it has aroused considerable interest.

Young Corbett managed to stop George Memsie of Chicago last night in Portland and had four rounds to do it in. He was far from stopping the lad and came nearly getting knocked out himself.

Time—1:20.

Sixth race, one mile—Jockey Club 4, won; Horatius 8, second; Selfwinding 8, third. The other starters were: John Lemous, Mexicana, Hudson, Polonius, John Voorhies.

Time—1:43 1/2.

SPORTING NOTES.

The Tribunes won a very one-sided game of baseball from the West Oakland Stars on the Chestnut street diamond Wednesday afternoon. Peterson and McCand were the battery for the Tribunes and the former was in fine form, allowing but two hits and four bases on balls. The Tribunes will play the Gibsons tomorrow in East Oakland.

The tennis doubles of the Academics

League will take place tomorrow and promises to be close and interesting. Herbert Schmidt and Henry Mills, the representatives of the Bates University School, seem to have a shade the best of it and may win out. Berkeley High School has a strong team, as has the Lowell High School. Chick and McKay will represent the former and the latter will be represented by Deffuss and Long. The other contestants are Kirby and Dietz, Trinity; Henry and Sperry; San Jose High School; E. Sloan and L. Sloan; Palo Alto High School; Sweeney and Gavro; Alameda High School; Gorrill and Butler; Oakland High School; and Kende and Fallon, Hitchcock.

Robert Fitzsimmons, the pugilist actor, has don't expect that he is "baked." He says while he is not wealthy, he is able to keep his home and his horses; and carriages will not be sold. It is understood that he was squeezed for \$20,000 recently in a copper deal.

ED. OLSON, coachman, cleaning carpets and upholstering. Telephone 1206 John.

James E. Popper, a celebrated whiskey, on sale by E. F. Thayer, 901 Broadway.

Cook Stoves. At reduced prices. No charge for setting up. At H. Schellhaas, 108 Eleventh st.

LET US SUPPLY YOUR WANTS

This advertisement, full of interesting statements about the very latest merchandise in Spring and Summer wear, is like a novel. There is one difference, however—We do not go in for "fiction." Our story is based on facts. It's better than many novels, as from the very first it is extremely interesting, and all through you will find no dull lines. You can make the usual happy ending of this story by coming to our establishment tomorrow and you will get what you want—and can get it at a saving. Take advantage of the many price inducements that are in force.

5c per spool

Indestructible pearl beaded lace pins all sizes—blue, pink and white

3 doz for 25c

WEEDS, WALKS AND ROLLER.

SUBJECTS ON WHICH HOWARD ASKED FOR INFORMATION FROM MR. OTT.

Three questions were propounded to Superintendent of Streets, Ott by Councilman Howard last night during a meeting of the Street Committee and of the Council, for each the Street Superintendent had an answer.

First, Councilman Howard wanted to know if the city had any right to compel property-owners to keep their gutters free from weeds.

"That's easy," said Ott, "We tried it once under the administration of City Attorney Dow, but he said that an ordinance compelling the property-owners to keep the gutters weeded would not hold in law."

TWO PRESENT CITY ATTORNEYS.

"Let's try it under another City Attorney," suggested Councilman Elliott. As a result of Howard's first question the City Attorney will be requested to draw up an ordinance covering the point in question provided it can be done legally.

Question number two was what was the trouble with the sidewalk out on Twenty-fourth street from Valdez, eastward?

Superintendent Ott was ready with the answer. It seems that a defective resolution of intention for the sidewalk of the street in question was passed, but no work done. As a result, the first resolution is to be rescinded and another passed allowing Edison Adams and the Valdez estate, the property owners interested, to proceed with the work after giving the usual fifteen days' notice.

WHERE'S THE STEAM ROLLER?

The third question was what had become of the steam roller which the city had paid about \$3,500 for?

Superintendent Ott had it located in a minute. It was out at hire to private contractors and was doing but little work for the city.

"It's just a white elephant on our hands," said Howard, and then his questioning stopped.

CHANGES MADE IN LIQUOR BOND.

RESPONSIBILITY OF SURETIES MUST BE PASSED ON BY LICENSE INSPECTOR.

After keeping the saloon men on their tiptoes for two weeks, the new liquor license bond was made public last night.

The License Committee of the Council was not to have met last night, but, as the other business of the evening was soon over with some one moved that the License Committee get together and bring their new bond into the light.

Councilman Elliott read the proposed bond from end to end and then announced that the only changes which had been made were those requiring the License Inspector to have a place on the bond where he might sign his name saying that he had examined the sureties and found them to be correct.

The other change is that those going on the bond must be householders, residents of Oakland and provided with double the amount of money which they represent on the bond.

The committee recommended the new form.

During the discussion of the form of the instrument Councilman Cuvellier wanted to know how the women could be kept out of the saloons, but later he thought to enact against such would be class legislation. He was obliged to be content with the present conditions.

Councilman Howard told Elliott to be sure that there was no chance for a dead man's name to get on the bond and then voted for the new form.

ROUTINE WORK OF COMMITTEES.

If the City Council looks with as much favor on Councilman Howard's resolution which allows the Poundmaster 25 cents for each dead cat he removes from the streets, as did the Ordinance and Judiciary Committee last night, the proposed resolution will become a reality.

The resolution, which was submitted to the Council at the last meeting and was referred to the Ordinance and Judiciary Committee came up for consideration last night and, on the suggestion of Councilman Howard, was approved and sent back to the Council for final action.

According to the Poundmaster's reports in the past, the number of dead cats picked up from the streets has been very few, but with the new ordinance in force, it is thought that the number will be very materially increased. To guard against the cats being counted more than once, Councilman Howard suggested that a tally man be provided, but no action in this regard was taken.

The following routine work was

done by the Council Committees:

STREET COMMITTEE. Petition of John Long to sidewalk Kennedy street from Shasta avenue to Railroad avenue. Recommended.

Petition of M. Carlake to sewer East Fourteenth street between Ninth and Twelfth avenues. Recommended.

Petition to sewer Thirty-ninth street between Grove and Telegraph. Recommended.

Petition of R. M. Fitzgerald to erect a wing-dam across Tenness creek at Shattuck avenue. Recommended.

Petition to sidewalk Sixteenth avenue from East Flat with street to East Nineteenth street. Laid over.

The City Engineer was instructed to cut off twenty-five feet of land at Eighteenth street, Second avenue and the Boulevard so that the streets might make a more perfect turn.

PIRE AND WATER. It was recommended that a fire alarm box be erected at Eleventh avenue and Twenty-eighth street.

The City Engineer was instructed to draw up plans for the proposed salt water supply system for street sprinkling purposes.

WANTS HOSPITAL AND NOT GUARDS.

Councilman Howard's fountain pen worked over time last night during the session of the Auditing and Finance Committee signing the claims of the guards employed watching the numerous smallpox patients about the city. In signing each bill Councilman Howard remarked what an awful state of affairs it was that the city should be compelled to pay out money for guards when, with the same sum saved for a year a pest house could be built.

"The sooner we get a pest house the better it will be for our financial condition. We need one with a large south wall around it and a lot of broken beer bottles on top," said the Councilman.

"Cuvellier," said Councilman Howard, "why don't you hurry along that bond proposition so we can build a hospital?"

BOYER LICENSE

ORDINANCE DEAD.

Ex-Councilman Boyer's ordinance which provides that saloon men who have been granted a license shall not be required to renew their applications each year will not pass the Council.

When the proposed ordinance was read at the meeting of the Ordinance and Judiciary Committee last night, Councilman Elliott inquired the best way to smother an ordinance in committee and was informed that one method was to lay it over indefinitely. Such was the fate of the ordinance in question.

The measure was passed by the old Council and was given to Mayor Burrows just as he was leaving office. He passed it up to Mayor Olney who, in turn, sent it back to the Council without word of comment.

Wickson's ordinance, which passed through the same channel as Boyer's ordinance, also came up last night, but was more fortunate and secured the recommendation of the committee. The ordinance provides for the regulating of the width of the sidewalks on Alcatraz avenue.

A REMBRANDT STOLEN.

NEW YORK, April 24.—A Rembrandt picture, sent to Russia by the director of The Hague Picture Gallery, has been stolen, says the Herald's representative at The Hague. Some time ago the picture was sent to M. P. Delacroix at St. Petersburg, but German railway officials report that the picture never reached the German frontier.

PORTLAND FURNITURE FIRE.

PORTLAND, Or., April 24.—A fire in the warehouse of the Oregon Furniture Manufacturing Company last night caused \$25,000 worth of damage, half of which is covered by insurance. The building was not destroyed. It is thought the fire was of incendiary origin.

At \$1.50—New Waist of striped, corded lawn; half-tucks in front, tucked back; and all those details of finish that denote up-to-dateness.

There are other colored waists priced from 45c to \$3.75; also white waists, plenty of them. from..... 65c to \$5.00

Now, is there anything lacking in our display of handsome Silk Waists priced from..... **\$3.25 to \$8.95**

DEEP MYSTERY OF BRIDAL TOUR.

BRIDE, GROOM, YACHT AND MONEY DISAPPEAR AND NOW SOUGHT BY POLICE.

NEW YORK April 24.—A great sensation has been caused all along the Riviera by the mysterious disappearance of the pleasure yacht Reine Victoria, says a Nice dispatch to the Herald. The vessel had on board, M. and Mme. D'Esmerand, the sister of the latter, Mlle. Marguerite Gourde de Refuge, and two sailors, Lafont and Bergen.

The D'Esmerands were married only a month ago and were on their wedding tour. They were dining at the Cannes and made frequent excursions on the Reine Victoria.

On April 7th the party embarked on the yacht for Nice. Mme. D'Esmerand carried all her jewels and her husband had with him several thousand francs. Since their sailing nothing has been heard of them. They should have reached Nice the same day. As the weather was magnificent, no reason can be assigned for the disappearance of the vessel. All kinds of extraordinary stories of murder and piracy are current, but there is nothing to justify them beyond the fact that M. and Mme. D'Esmerand carried thirty or forty thousand francs in money and jewels.

A search is being carried out by the police and the Maritime authorities all along the coast.

DESTROYING SALES AND INFESTED FRUIT

P. J. Keller, Horticultural Commissioner, found a species of strange scale today on several boxes of Central American lemons, which he seized and will consult the City and District Attorney as to the right to destroy both fruit and scale.

The lemons were shipped to this city from San Francisco and were displaced for sale at the free market here. The fruit was covered with the insects which are considered a dangerous menace to the fruit industry of the State, and the commissioner will use every means in his power to stamp out this new importation.

In speaking of the matter, Keller said: "The trouble is that San Francisco has no commissioner and it has no orchards to protect. Consequently, this kind of stuff comes into the port without let or hindrance and is a constant menace throughout the length and breadth of the State."

Three boxes of the lemons were seized, Section 4 of the horticultural quarantine law being considered sufficient authority for the seizure and reads as follows:

"When any shipment of trees, shrubs, plants, vines, cuttings, grafts, scions, buds, fruit pits, or fruit or vegetables imported or brought into the State are found infested with any species of insects, insects, or other eggs, larvae, or pupae not existing in the orchards, vineyards, gardens or farms in California, such infested shipment shall be immediately sent out of the State or destroyed, at the option of the owner at his disposal."

OAKLAND MAN CHOSEN FOR GRAND PROTECTOR.

The sessions of the Grand Lodge of California, Knights and Ladies of Honor, closed in San Francisco at 5 p. m. yesterday.

Among the important actions of the meeting was the fixing of the per capita tax for the ensuing year at \$1.50; the fixing of the (Grand Protector's contingent at \$200; authorizing the Propagating Committee to appoint a State Organizer; fixing the place of the next meeting of the Grand Lodge at San Francisco. No changes were made in the constitution or laws of the Grand Lodge.

Louis G. Wolfe of Oakland Lodge was re-elected grand protector, H. W. Quiltzow of San Francisco, grand secretary and James P. Dockery of San Francisco representative to the Supreme Lodge for the term of four years.

DAMAGED BY FIRE.
DETROIT, Mich., April 24.—The manufacturing department of H. Scherer and Company's carriage works, was damaged \$10,000 by fire today.

A P IOENIX.
Head of a Colorado School System at Twenty-nine.

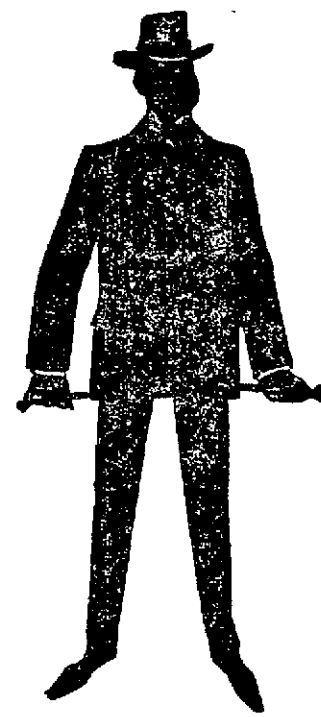

A strong, healthy, hungry farmer's boy will eat pretty near anything that he can get his teeth into. He is very apt in this way to lay the foundation for future ill health, particularly if he takes up a sedentary occupation in later life.

A prominent young man of a city of Colorado who was born on a farm in eastern Illinois, says: "All through my youth I had an abnormally developed appetite which I was allowed to gratify freely. During the winter months especially, I consumed great quantities of sorghum molasses, pan-cakes and biscuits."

"When at the age of 18 I left the farm and entered a school room as a teacher I had become so confirmed suffering dyspeptic. Constant laxatives were necessary and only the very simplest foods would digest at all. For several years I carried no other dinner to school but oatmeal and cranberries."

"Life dragged heavily along in this manner. Six years ago I married and went to college and two years were spent there, but at the time my mental work was seriously hindered by headaches and drowsiness caused by my indigestion. Then one college I taught school again a year, in the midst of which I suffered an attack of brain fever. Three years ago I came to Colorado and took charge of the grammar department of a school here until February, 1901, when my poorly nourished body could no longer stand the strain upon it and I completely collapsed in both body and mind. For two weeks I lay at the point of death, unconscious most of the time. Then Grape-Nuts was fed to me as a steady diet and the change began. It seemed a miracle."

"To cut the tale short I am now principal of a school system here at 29 years of age, and am going double the amount of brain work I ever did before and am in better health than at any time since I can remember. I eat and digest all kinds of food, no laxatives are used at all, headaches are almost unknown and Grape-Nuts has made this change for me. You can understand why I most heartily recommend Grape-Nuts which is now a regular dish at morning and evening meals in my family. Name furnished by Postum Co., Battle Creek, Mich."

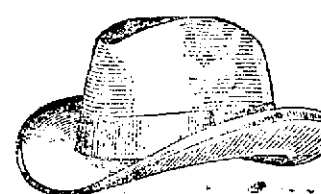

Your Last Chance

Only five days left of the Gigantic Bankrupt Stock Sale—A few choice Bargains left!—Your price is ours—Everything must go. The remainder of the Bankrupt Stock of A. GERMANY PASSES ST. LOUIS.

TEUTON FIRMS HURT THEMSELVES IN ORDER TO SNUB THIS COUNTRY.

NEW YORK, April 24.—German manufacturers and exporters, cables the Berlin correspondent of the Herald, propose to boycott the St. Louis Exposition. Out of eighteen large firms allied to the Essen Chamber of Commerce, all but one have resolved to refrain from exhibiting, and a report just received from Sulingen announces that all the manufacturers and large industrial firms belonging to the Chamber of Commerce of that city have resolved unanimously not to exhibit.

Only a few weeks ago, German publishing houses agreed to boycott the St. Louis Exposition because of defective copyright laws and the wholesale translation of German publications in the United States, equivalent to literary piracy.

The firm of Krupp of Essen, which was the largest German exhibitor at the Berlin, Westphalia and Silesia.

In Saxony, it is learned, the feeling against exhibiting at St. Louis is acute.

VETERAN RESERVES

GOING INTO CAMP

Company A, Veteran Reserves, N. G. C., have received orders to encamp for discipline and instruction at Calistoga, Napa County, for not less than seven days, between June 18 and 28 next. This camp will be located near the encampment of the Northern California Veteran Association, and much enjoyment and profit is expected. Tents will be rented to families by the association for \$1.50 for ten days, wood and water free. Many Oakland families are preparing to go. A band, of United States regular army, will accompany the command to camp. Tents may be engaged at 454 Ninth street, Oakland. The company will leave Oakland at 7:58 a. m. Sunday, June 21, returning leave Calistoga the following Sunday at 2:57 p. m.

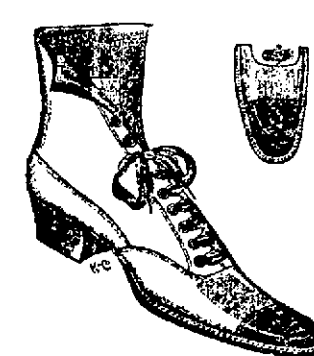

This company, with Appomattox Post, No. 50, G. A. R., and Appomattox Relief Corps, has accepted an invitation from

Rev. C. R. Brown of the First Presbyterian Church to attend services on the Sunday preceding memorial day, May 25. The company will escort the post.

LEE APPEARS BEFORE JURY.

ST. LOUIS, April 24.—Lieutenant-Governor John A. Lee, who returned from Chicago last night, appeared before the Grand Jury today when that body resumed the investigation of charges of blood in the Legislature in connection

with baking powder legislation. Attorney-General Crow, who is conducting the Jefferson City end of the inquiry, was present and assisted Circuit Attorney Fink in questioning the witness. Several indictments were returned by the Cook county Grand Jury as the result of Mr. Lee's testimony at Jefferson City, and it is expected that a number will be handed down here.

Lieutenant-Governor John A. Lee says the question of his resignation is in the hands of Attorney-General Crow and that he will probably do as that official recommends. Lee says, however, that he has reasons for wishing to retain his office. One of these, he says, is that he is a

poor man and needs the salary attached to the office.

FOUL PLAY FEARED.

CHICAGO, April 24.—D. Wheeler Brown, 39 years of age, said to be a brother of the members of the New York banking firm of Brown Brothers, is reported to have disappeared and the police have been asked to search for him. He left a down-town cigar store late Tuesday evening, saying he was going to his apartments. His movements since that time are a mystery and foul play is feared.

SUBWAY.

EMERYVILLE, April 21.—Work on the big subway which is being built by the Oakland Transit Company, is making excellent progress and the force of men at work has been greatly increased within the last few days. On the excavation work they are unusually thick and the first tie-beds are being laid. The tunneling under the Southern Pacific tracks has made headway and fully a ten-foot depth of dirt has been excavated. Fifteen feet of earth in the tunneling has been removed.

with the work of laying the concrete and will not be far behind the excavation in completing the subway. The work at the power-house is progressing very rapidly and yesterday several carloads of brick arrived for the building.

NEW SIDEWALK.

The ground about the Town hall is almost ready for the work of laying the cement sidewalks. There will be two cement approaches to the building, one from Broadway avenue and the other from Third street. Besides this, there will be a cement walk all around the building. When completed the whole affair will have a strictly

ONE BOTTLE CURES!

McBurney's Kidney and Bladder Cure Will Make You Well.

WHY? Because it is a purely vegetable compound. It is put up to do good. Therefore YOU WILL take McBurney's Medicine. One dose will relieve you. If you take McBurney's Kidney and Bladder Cure you are just as well as if you were cured. One Bottle Will Cure You. Your kidneys will be encouraged to secrete and absorb and carry out of the system the impurities that have been neglected. The LIVER will begin to purify the blood, the stomach the juices will be cleared up. Therefore to a person who purchases the old reliable McBurney's Kidney and Bladder Cure.

If You Have Rheumatism or Neuralgia, Pains in the back or bladder, numbness of legs; a constant desire to urinate; burning, itching in the heart; freckles in the water; scalding sensations; bitter taste; with furred tongue in the morning; abundance of water or scanty flow of dark colored water; deposits of mucus; urinary stones; dizziness; rheumatism; dropsical feet and white brick dust deposits—

Send 25c for five days' treatment and get relief in twenty minutes, and one bottle will cure you.

RHEUMATISM McBurney's Kidney and Bladder Cure is guaranteed to be absolutely effective. It cures Acute or Chronic Rheumatism, sharp shooting pains in any part of the body stopped in a few days. A prompt, complete and permanent cure for Lumbago, Sciatica, Lumbago, Stiff Neck, and Pains in the Hips and Joints, Chronic Rheumatism, Sciatica, Lumbago, and almost all other cases before one bottle has been used.

Catarrh of the Bladder. I suffered for ten years with catarrh of the bladder. I paid out several hundred dollars for different remedies, but none of them gave me more than temporary relief. I used three doses of McBurney's Kidney and Bladder Cure and passed six kidney stones and three pieces of matter and blood. I am now entirely free from pain. It is now months since I have used it.

A. E. BARTLETT, Dunbar, Neb.

As to whether I am reliable, I refer you to Messrs. Hubbard & Thole of the Los Angeles Brick Co. and J. Dodge, University.

McBurney's Kidney and Bladder Cure
Express prepaid, \$1.00; Liver Regulator and Purifier, \$1.25; Liver Tablets, 25c. Send 25c for stamps for a five-day's treatment.

SOLD BY DRUGGISTS W. F. McBurney, Room 408 St. Louis Building, 222 South Spring Street, Los Angeles, Cal.

COUNCIL AND SANTA FE AGREE ON TERMS.

The Committee Reports Satisfactory Plans for Regulating Opening and Closing of Streets.

Captain A. H. Payson of the Santa Fe Railroad and the Street Committee came together with very little delay last night in regard to the concessions the railroad is asking at the hands of the city in order to establish the proposed important terminal facilities in the Emeryville tract.

Within fifteen minutes the main particulars of the plan at issue were satisfactorily disposed of by a clear-cut statement by Captain Payson as to what the Santa Fe was willing to do in the matter.

F. C. Havens, manager of the Realty Syndicate, was also present and aided materially in clearing the way to granting the concessions asked for by the railroad company by promising what was necessary on its part as a holder of large landed interests in the vicinity.

HOWARD PROPOSITION.
At the end of half or three-quarters of an hour's discussion, the following motion was made by Councilman Howard and adopted:

"I move that Holden, Horton, Hubbard and Holbeck streets be closed in accordance with the petition that Holden streets be kept open as a roadway until such time as petitioners shall find it desirable in necessary to use Holden street for general road purposes and especially for permitting cars and trains to remain standing thereon when not in use; that when the time shall arrive petitioners shall construct and maintain at their own expense a subway under said Holden street, the subway to be not less than sixteen feet in width and twenty feet in height. In the clear, with convenient approaches at either end; that petitioners shall open or cause to be opened a street, to be known as Center street, from said street westward to Holden street, to what is locally known as Center street, the center of said sixty-foot street to be opened on the line between Holden street and Verba Buena avenue; that Center street be opened from the easterly line of the Northern Railway Company southerly to the northern line of Yerba Buena avenue; that said Center street and said street to be opened between Holden street and Center street shall be brought to grade and macadamized where Center street crosses Yerba Buena avenue; all of said work to be done at the expense of petitioners."

This was adopted unanimously and so recommended to the Council, which will meet next Monday night.

ALL MEMBERS PRESENT.
Owing to the importance of the matters to be discussed the full membership of the Council was present.

The meeting was called to order by Chairman Meese, Councilmen Meese, McAdam, Wallace, Alton, Howard and Elliott answering to the roll-call, besides Councilmen Councilman, Gilman, Ransom, Cuveller, Fitzgerald, Peniston, Wallace and Bernin.

CAPTAIN PAYSON'S VIEWS.
Captain A. H. Payson was in attendance, and without preliminary remarks, Chairman Meese asked the Captain to address the meeting in connection with the concessions for which the meeting had been called.

CAPTAIN PAYSON'S VIEWS.
Captain Payson began his remarks by stating that since he had met the committee at their last meeting some little misunderstanding and arisen as to what the company was willing to do in return for the various concessions asked for by the city. On that point that tended to bring about this condition of affairs was that that in return for the closing of Holden, Horton, Hubbard and Holbeck streets by the city, which streets ran crosswise of the company's property, it had been proposed by the city that the street right-of-way be taken the place of the streets closed. Or, if the city deemed it more to its advantage, the company would open a sixty-foot roadway from Holden to Center street and grade and macadamize both the new street and the street to Yerba Buena avenue. He could not, however, as he had noticed he had been quoted as saying that he would, contain this street in the hands of the Realty Syndicate's property. This he was unable to do, but he hoped Mr. Havens of the Realty Syndicate would be present and answer for that company. Continuing, Captain Payson said:

"When I proposed opening a street to run lengthwise of our property, I just said of contingency contained in the franchise granted us by the Emeryville people, and that was this: that the new street would extend from Holden to Holden street four or five blocks. But as the necessities compel us and we become convinced for some reason we cannot get along with the present street, so that this idea will have to be abandoned. We, however, are willing to build, grade and macadamize new street that will answer the same purpose, from Holden to Center and open Center street to Yerba Buena avenue."

P. C. HAYNES SPEARS.
While Captain Payson was talking Manager Havens of the Realty Company entered and he was referred to in regard to the opening and the closing of Center street through the property of the Realty Syndicate.

Mr. Havens then addressed the committee and said:

"For my company, I wish to say that we are fully in accord with the plans of the Santa Fe Company and this we are willing to do. We are willing to open a sixty-foot roadway from the northern line of Yerba Buena avenue through our property to the Verba Buena street."

Mr. Howard, for the committee, then asked:

"Mr. Havens, if the Santa Fe open and macadamize the new street to Yerba Buena avenue, will you do the same for that part of the new road through your property?"

MARSH AND BRIDGE.
Mr. Havens—Off hand, I would not like to bind myself too much. The land is very low and marshy at present at the place where it crosses the new street, and it will have to be raised two or three feet. There will also have to be a bridge built over Yerba Buena avenue. I think if I say that I will be able to bridge and dedicate the right-of-way to the city that we will be doing all that can be done of us."

The discussion then continued as follows:

Councilman Elliott—You are asking considerable of the city.

Havens—No; no. I am not asking anything.

Captain Payson—I must absolve Mr. Havens from that implication. It is I that am doing the asking.

Mr. Havens—I think I can say that many people will agree to contribute half of the cost for the building of the street at any time the city may wish to go ahead with the work.

COUNCILMAN HOWARD.
This concession seemed to remove all obstacles to both sides reaching an agreement and Councilman Howard said he would like to make a motion, he suggested that there might be a protest and City Clerk Thompson was instructed to open through the Watts tract.

In response to this request, N. J. Haynes, who has property interests in the locality, came forward and pointed out two objections to the proposed agreement as it stood. The first was that if Center street was opened only through the property of the Realty Syndicate it would be of little value, as it would still have to be continued on through the Watts tract to B street.

In reply to this, Mr. Havens stated that, of course, he could not go further than that land went.

CASE RE-OPENED.
This opened the entire discussion again, when Elliott found a satisfactory solu-

tion of the difficulty by proposing to Havens that the city would take care of the street beyond where the Realty Syndicate extended. If he would agree to pay the entire cost of the new street through their property, the project was backed up by Councilman Howard, and Havens agreed to open up Center street through the Realty Syndicate's property, and the bridge, give the right-of-way and macadamize whenever the city desired to go ahead with the improvement.

Howby then made his other objection, which was that there should be some sort of an alley-way or outlet along the entire length of the Realty Syndicate's property on the north, otherwise there would be a number of blind streets running up to the property and stopping.

SYNDICATE DEED.
Havens related that the Realty Syndicate had already decided the city twelve feet on the south side of the property for sewer purposes and that this could be used for a street if the residents would give as much on their side. It would make a twenty-four-foot street. This removed all objections to the granting of the concessions asked for by the Santa Fe people.

Then, as the motion was about to be put, Captain Payson related that the franchise be granted clear of any conditions, as this might lead to serious complications in the future, and that the matter of the street be made the subject of a special contract, which he was willing to put up a bond to secure the city that the work would be done in this understanding. Councilman Howard then read his motion, which was unanimously passed. The necessary papers are to be prepared in the next few days by the railroad people and forwarded to the Council.

THE BENEFIT OF ANNEXATION.

Several citizens of Berkeley, among them being Postmaster George Schmidt and R. A. Berry, of the firm of Cheney and Berry, have announced that they are against the proposed consolidation of Berkeley and Oakland, principally for the reason that the people of the former town would not derive a benefit by being a part of Oakland, as being far from the city government, and without a majority of votes, it is claimed that they would not receive any good from the annexation.

It is claimed by those opposed to the consolidation plan that the present annexed district to Oakland has not derived any benefits by so being annexed and that the same would be the case were Berkeley to be attached to Oakland. But to disprove the statements of the opposers to the annexation the following figures have been taken from the Superintendent of Streets' office. They show just how much benefit the annexed district has received from the city, and at the same time will be seen that the benefits have been very material:

CALIFORNIA OIL.
WASHINGTON, April 24.—The naval board which, for many months, has been conducting an exhaustive test to ascertain the fuel value of coal oil as compared with that of the new oil, obtained a thorough test was made in a comparative way of the merits of Texas vs. Pennsylvania oil, and the last of a carload of California oil is now being blown through the burners under a 200-horse-power boiler in the experimental station here. One important fact developed is that weight for weight the three oils are about of equal value. Though of greater specific gravity, the California oil has greater heating power per gallon. An important result obtained has been to

Why be Backward

in the matter of asking for credit? You know you are honest, but you dislike incurring a debt.

Quite often a home lacks much of both comfort and luxury because you have not fifty dollars with which to buy furniture or carpets that you would like.

Our system is just what you are seeking. From our very large and new stock of furniture and carpets select fifty dollars' worth and adorn your home with it.

To do this, you run into debt just one dollar a week until it is paid for.

OIL TAKES PLACE OF WATER.

SOUTHERN PACIFIC MAKES THE
CHANGE TO SAVE ITS
LOCAL RAILS.

The Southern Pacific Railroad Company commenced the work of oiling the streets along their local lines, yesterday and the trucks from the main line will be thoroughly oiled clear through this city on Seventh street hereafter. The work was commenced on the main line and it will be several days before the sprinkling wagon gets to Seventh street.

The company has made preparations for a thorough job of the oil-sprinkling. A suitable cart has been secured which will hold about 500 gallons of crude oil and so arranged that it will sprinkle streets very liberally.

The necessary connections have been fitted to the pump, situated close to the large oil tanks in the yard, so as to fill the cart and heat the oil to a high temperature, as it must be sprinkled hot to be successful. The heating is done by means of steam pipes under pressure of from eighty to one hundred pounds and thus it gives the oil a temperature of several hundred degrees.

After the oil has been sprinkled on the road a heavy roller is run over it, pressing it into the soil and the immediate result is a smooth, hard surface, not unlike asphaltum pavement, and the chief advantages of the oil roads is the freedom from dust.

The company has about 70,000 barrels of oil in the main-line tanks to draw on if necessary and should this not be enough there are six more large tanks at Meridian which are full of oil. The plan of oiling the roads through the city was hit upon to save water with the system of sprinkling nightly with salt water which has been in vogue for years. The action of salt water is said to be very injurious to the rails.

**SANTA FE WILL LET
CONTRACT FOR NEW ROAD.**

On the first of May the Santa Fe company will let a contract for the building of ten miles of road in connection with their recently acquired

SIMPLY BREATHE IT.

A Few Minutes' Use of Hyomei Four Times a Day Cures Catarrh.

The pleasant, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every package and breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will affect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way, every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs of bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1.00 and after using you say that it has not helped you, Osmond Bros. will return your money. What other treatment for catarrh is sold under a guarantee like this? None other has sufficient merit.

property in Humboldt county. In speaking of it recently the assistant traffic manager, W. A. Russell, said:

"We bought the Fel River and Eureka Railroad, and it is still known by that name. It is a line thirty-two miles long, extending from Arcata, about nine miles northward of Eureka, southward through Eureka, Heald Landing, Singletts and Fortuna to Alton, where it turns further inward to the eastward. But at Alton it forms a junction with the Pacific Lumber Company's railroad, a line about sixteen miles long, extending southward down to Scotia and southward to Pepperwood on the north bank of the Fel River. The whole available main line from Eureka to Pepperwood is about thirty-five miles, the whole lower section being through a heavy timber region. We mean to extend the line from Pepperwood, for a distance of ten miles along Fel river. It is a wild, rugged country, and the work of building a railroad will be necessarily slow. Ten miles is all that is planned for the present, and the contract for the construction of that extension below Pepperwood will be let May 1st, and work will be begun as soon thereafter as possible."

**NOTES AND PERSONALS
GATHERED ABOUT THE YARDS.**

R. Gray, one of the engineers on the Los Angeles express, is confined to his home by sickness. He is one of the most prominent of the Southern Pacific's engineers.

A large stand is being erected in the store room of the machine shop and will be used as a receptacle for different supplies.

John Newton, foreman of the truck gang, has gone to Auburn, where he was called by the illness of his sister who is reported to be very low. C. Lee has taken his place at the shop.

Engine No. 1218 has been turned out of the machine shop after having been overhauled and converted into an oil burner.

A large cargo of crockery arrived yesterday from England via Galveston and will replenish the supply at the crockery works.

Mike O'Leary has been transferred from the machine shop to the round house.

Engine 1207, which has been undergoing repairs at the machine shop, has been turned out.

Gus Miller, a former employee in the machine shop, who was signed to play short stop for the Chicago National baseball team, has made good, and has sent for his family to join him.

**"ARE YOU A MASON"
AT MACDONOUGH.**

Those who did not see "Are You A Mason?" when it was presented in Oakland, will have a chance to see it at the Macdonough Theatre next Monday evening, provided those who already know the merit of the place and company do not come first and get all of the seats. The comedy in this case is high-class and legitimate, but it is the most genuine fun of which the modern stage can boast. It enters in the deception practiced by two husbands upon their unsuspecting wives. The women are made to believe that the two men are high up in the Masonic order, which serves as an excuse for their absence from home in the evening. The funniest part of it is that the men are father and son-in-law and are deceiving one another as well as their wives.

KING IS DEAD.

BOSTON, April 21.—James Stanley, known as "King of the Gypsies," who died in a traveling wigwag near Haverhill, Monday, has been buried from a tent in West Roxbury. His will leaves \$25.00 in cash and a house in West Roxbury assessed at \$15,000 to his widow and eight children.

The undertaker who had charge of the funeral says that Stanley had an iron casket weighing 800 pounds made for himself, which was used in his burial.

NOT OF ONE OPINION AS TO ANNEXATION.

Berkeley People Do not Agree on the Plan of Consolidation as Suggested By Mayor Olney.

BERKELEY, April 24.—The people of this city do not agree on Mayor Olney's plan of consolidating with Oakland. There is much discussion on the subject here and there.

George Schmidt, postmaster of Berkeley, is one of those citizens who does not agree with Mr. Olney's plan; that is, he is opposed to them unless some one can show him where there will be a great benefit and a great saving to the people.

"The consolidation of these two cities," he said, "is something that will never be brought about. Berkeley is a university town and its reputation extends everywhere. Now, we would be put up with what she is willing to give us. I am sure we wouldn't get very much, judging from the looks of Oakland's streets and the reports of the quarters of her citizens. We are a happy people now and we are not going to make ourselves unhappy. As to a municipal water plant, I suppose it would be a good thing, but I am not prepared to say anything about it until I can see that it will reduce rates and give us a good supply."

R. A. Berry of the firm of Cheney & Berry is another of those citizens who can see no good accruing to Berkeley

something we don't get will go a long way with some people. Consolidation will do away with the extra cost of two governments, besides doing a lot of other things. The time will come, as Mr. Olney says, when these cities will be united. It may not be now or soon, but it will come."

Editor Richardson of the Gazette gives his views as follows:

"The proposition to annex Berkeley to Oakland hardly deserves serious consideration. I have talked with a great many people in Berkeley about it and have not found one who favors becoming a tail to the Oakland kite. Berkeley has a good, clean town government, her municipal affairs are well managed, her many miles of paved streets are in splendid condition, her school facilities are the best, she has an identity all her own and one of which every Berkeleyan should be proud.

"To abandon this identity and become part of Oakland would be foolish in the extreme. The municipal affairs of Oakland have not been managed in such a way as to impress the outside public or to make any citizen of Berkeley anxious to have our beautiful and progressive city annexed to Oakland. It can be admitted that our municipal government is superior to theirs and our city several degrees better. This is evidenced by the number of people who have left Oakland to locate in Berkeley and by the larger percentage of increase in population in Berkeley.

"The question of joining Oakland in a municipal water scheme is one of doubtful advisability. I favor the theory of municipal ownership of water, but would not carry that theory to the extent of accepting a 'gold brick.' The present water proposition and annexation scheme bear the outward evidences of the gilded article. And I do not believe our people will accept it simply because the theory looks good."

TODAY'S SPORTING NEWS.

TODAY'S RACES

EMERYVILLE RACE TRACK, April 24.—Weather clear; track fast. Summary:

FIRST RACE.

The Fiddler, 40 to 1 1
Vassallo, 3 to 1 2

Twenty Dollar Suit Sale

An attractive choice of twenty dollar suits still is yours. However, it would be wise to buy promptly. Twenty-five dollar value and twenty dollar prices do not go hand-in-hand for long.

Taft & Pennoyer

Broadway at Fourteenth.

AWFUL PLUNGE TO EARTH.

J. H. Price, a painter living at 963 Third Avenue, suffered a very serious accident yesterday afternoon about 3:30 o'clock, while painting the north side of the steeple of the First Congregational Church. He slipped, fell down the steep roof of the steeple and dropped to the ground, about twenty feet.

Bleeding profusely, he was raised from the ground by his fellow workmen, who were attracted by his screams, and a physician was hurriedly summoned. But as Price was very seriously injured, a patrol wagon was sent for and he was taken to the Receiving Hospital. Upon examination, it was found that the sufferer had sustained a serious fracture of the skull and skull base, concussion of the brain and internal injuries, which will very likely result in death.

SPRING VALLEY.

SAN FRANCISCO, April 24.—In financial circles the projected reorganization of the Spring Valley Water Works, under the name of the Spring Valley Company, has been the topic of much conversation and conjecture today. The scheme is an enormous one, involving the expenditure of millions, as well as the taking up of the bonds of the city.

For the purpose of completing the delicate and momentous undertaking the new corporation is to be directed by men interested in the financing of the deal, some of whom have not been connected with the old Spring Valley Water Works. The board comprises William Alvord, president of the Bank of California, Robert J. Tobin, secretary of the Liberator Savings and Loan Society, Christian de Buitene, representing the Larrabee estate; William P. Hillhouse, James M. Allen, E. S. Heller and Mr. B. Kellogg. Neither Mr. Alvord nor Mr. Tobin has been a director of the old corporation.

In effect the project comprehends a doubling of the Spring Valley capitalization, the release of \$14,000,000 in bonds by process of liquidation and transfer, and the issuance of an additional \$14,000,000 in bonds of the new corporation.

PASSENGERS ARE ROBBED.

LINCOLN, Neb., April 24.—Passengers on Burlington train No. 41 were held up and robbed of \$1000 early this morning, as the train was leaving the Burlington Union Station in Lincoln. The train has been robbed three times within 100 miles of Lincoln. The robbery last fall netted \$50,000 to the men who did the work and no trace of them has ever been found.

The work this morning was accomplished mostly while the passengers from branch and feeder lines of the Burlington were in the depot awaiting the arrival of the train containing the passengers. The robbers in the depot were asleep and did not know they had been robbed until noise arose as the train was pulling into the station. The presence of the robbers was first discovered by a woman. She screamed and the people in the waiting room gathered around her. Investigation proved that a majority of them had been robbed. The confusion permitted the robbers to escape. Later they made their presence known on board the emigrant sleeper. The conductor and porters with the passengers, were herded into one end of the car and a search instituted by one man while the other held the crowd back with guns. They left the train between Lincoln and Mulford.

CHAFFEE ON THE TRIED PHILIPPINES.

NEW YORK, April 24.—Major-General Adna R. Chaffee, in an address on "The Physical Aspect of the Philippines," at the social meeting of John D. Rockefeller's library in the Fifth Avenue Hotel last evening, gave some of the reasons for the campaign against the Moros. He said in part:

"In February last, after we had had soldiers killed, shot down in the outskirts of camp by natives who were trying to treat with kindness, we saw that there was no other way than force. I went down to the Moro country in person to investigate and ultimately we went to the district and demanded some of the leaders of our soldiers. It was on May 2 that General Adna took the fort of the district who was insolent and refused to surrender the prisoners.

"We did not get on very good terms with these Moros. They are a very suspicious people and want to be let alone. For the matter of that, we did not want to disturb their religion or their customs, except where, in the latter case, we could help them. You have recently heard of Captain Pershing, who is in the Moro country now. Well, to illustrate, may I say that there was one Sultan whom Captain Pershing had invited time and time again, to come and talk with him, and instead of coming the Sultan kept fortifying himself all the year and finally waived his old red flag to us and dared us to come on. We came and the Sultan is not there any more."

FEAR OF TYPHOID

SAN FRANCISCO, April 24.—The fear of milk coming into the city from San Mateo county tainted with the germs of typhoid, still keeps the chief sanitary inspector of the local Board of Health and Health Officer Dr. O'Brien on the alert for suspected milk. It has caused the supply from Santa Clara county to be quarantined and raised a serious question whether the supply from San Mateo county shall be denied entry into the city.

Chief Sanitary Inspector Hassler will go to San Mateo county for the purpose of conferring with the health officers with regard to certifying to the purity of the milk supply from that county, and identifying the different dairies with the milk supply coming into the city. If satisfactory arrangements cannot then be made, it is considered probable that the threat to place a quarantine on the county may be enforced.

IS CONVICTED OF MURDER.

SAN FRANCISCO, April 24.—Mrs. Mary Baskwell, a woman with several children, was convicted of murder in the second degree by a jury in Judge Lawrence's court today for having caused the death of Miss Louise Peterson by malpractice on January 1 last.

The penalty for her offense may be imprisonment for not less than ten years or it may be life, according to the discretion of the court.

SMALL FIRE AT NOON.

The fire at noon today damaged an empty barn of H. G. Williams to the extent of \$500 at the corner of Market and Second streets.

GARBAGE CASE.

The garbage injunction case has been postponed until tomorrow.

CHAFFEE ON THE TRIED SUICIDE AGAIN.

RAKERSFIELD, April 24.—Al Hulse last night again attempted suicide by cutting his throat with a piece of broken tin bucket in his cell. He failed to cut deep enough to do any damage but this morning when Jailer Price went to his cell at breakfast time, there was blood on him and the cat showed plainly. He refused his breakfast and continued to rave and talk in rambling, incoherent fashion, refusing to recognize any one who approached him or to discuss the matter for which he is imprisoned.

J. W. Tucker, whose father is proprietor of a lively saloon here, is in jail, having been arrested last night. He told several parties that he knew how McKinney came to town, but when questioned by officers, refused to answer.

MISSIONARY MEETING CLOSES TONIGHT.

The missionary meeting of the First M. E. Church will close tonight. An address will be delivered by Rev. Dr. Meyer on the "Boars and Kaffirs" in South Africa. The public is invited.

DOWN TO WEIGHT.

SAN FRANCISCO, April 24.—"Kid" Carter is down to weight for his fight with Sam McVey, which is to take place in Los Angeles on May 5. Carter is training faithfully and claims that he is in such good condition that he can step into the ring at a moment's notice and do himself justice, even with so sturdy an opponent as McVey.

PRESIDENT'S TRIP.

CINNABAR, Mont., April 24.—The President's train was moved to Gardiner, the entrance to Yellowstone Park, this morning. The President will probably board it after lunch before the ceremonies incident to the laying of the cornerstone at the park are begun. The start from Gardiner will be made at 6 o'clock this evening.

BURDETTE WILL LECTURE.

Robert J. Burdette, the well-known and eloquent orator, will deliver his famous lecture on the subject "The Woman with the Broom" in the Young Men's Christian Association Auditorium tonight. This is the next to the last event of the Star Entertainment Course and special attention is called to the date inasmuch as it has been changed from May 18th to April 24th.

WILL LUNCH FRIENDS.

In honor of the field day of the Academic Athletic League (tomorrow) Miss Pansy Perkins will give a complimentary luncheon to all the League's friends. After being entertained the young ladies expect to be able to congratulate Oakland on winning the cup from Ukiah.

LONDON, April 24.—A meeting of the Nationalist members of Parliament in the House of Commons today appointed a committee to draft amendments to the Irish land bill in accordance with the resolution of the Dublin Nationalist convention. John Redmond is chairman of the committee. Among the members are John Dillon, William O'Brien, T. P. O'Connor and Edward Blake.

SUNDAY EXCURSIONS.

Every Sunday via North Shore R. R. to Russian River Redwoods embracing views of bay and ocean beach, forest and stream, mountain and vale and the giant redwood redwoods. This is the most scenic short trip in California. Chandro or Duncan's Mills and return, \$2.50; Monte Rio Park or Camp Meeker and return, \$2.00; Pt. Reyes, Tiboloma or Camp Taylor and return, \$1.00. Also reduced rates on campers, cottages and summer boarders. Call for copy of "Summer Outings." Ticket office, No. 628 Market Street, San Francisco. Send two cent stamp to prepay postage with mail applications.

MISSIONARY OFFICERS.

The annual election of the Woman's Home Missionary Society of the First Methodist church was held yesterday morning and the following officers were elected: Mrs. Masters, vice-president; Mrs. J. J. A. L. Baker, president; Mrs. M. E. Smith, recording secretary; Mrs. J. R. Seapham, corresponding secretary and Mrs. H. D. Davis, treasurer.
